

PURCHASING

NEPN/NSBA Code: DJ

The school unit, in its operation, must by necessity, purchase many items. These purchases must be carried out in an orderly and responsible manner. Because the school unit is a public entity, purchases must also be made with the awareness of the public's "right to know." The following, therefore, seeks to implement a policy that takes into account these many facets.

Quotation - Bid - R.F.P.

For the purposes of this policy, a bid or request for a quotation will be considered as one and the same. A Request for Proposal (RFP) is a form of bid request in which the specifications of work to be performed or item to be rendered will be described by the submitting person or party.

Number of Bids and Advertising

In requesting bids an effort will be made to identify local parties who may be interested in providing articles and services to the school unit and seek their bids.

Sole Source

There are exceptions to every rule, and there are times that only one supplier will be or can be used. If a class has standardized on a certain computer, for example, it would not be advantageous to seek bids from other manufacturers for an additional unit. Likewise, a certain product or line is clearly superior to others and the faculty and/or staff may feel that this is the only brand that is acceptable. In this case, a "sole source" purchase would be permissible. Sole source purchases may only be authorized by the superintendent or his/her designee.

Dollar Limit

The efficient operation of any enterprise requires that many purchases be made each day. To require that each and every one be placed out to bid would cause tremendous delays and inefficiencies. Therefore, purchases of \$3,000 or more must be placed out to bid. Any items under \$3,000, which may be of a controversial or political nature, i.e., new or expanded services, should also be placed out to bid. The grouping of smaller items, such as office supplies, to allow for them to be bid out should be encouraged.

Awarding of Bids

The awarding of the contract for the service or items to be purchased will be to the person, firm or company that provides the best service or item at the least cost to the school unit. All purchases of five thousand dollars (\$5,000) or more, shall be awarded by the board. Bids of lesser amounts may also be awarded by the board when circumstances or board wishes

dictate. Generally, the awarding of bids in payments up to five thousand dollars shall be delegated to the superintendent when the purchases are for replacement or consumable goods or services.
