

## STUDENT ADMISSION TO/WITHDRAWAL FROM SCHOOL

NEPN/NSBA Code: JF

Fayette tuition students are provided with many schools from which to choose. However, receiving school systems must be able to adequately plan for the education of Fayette tuition students and the Fayette School Department must be able to adequately plan for the transportation of students.

Consequently, the students who have selected a school of choice must attend that school at least for the semester in which they are enrolled. Exceptions will only be made in highly unusual circumstances. Appeals to change must be approved by the respective superintendent of schools for the receiving and tuitioning units.
