Dear students and families,

The policies and procedures contained in our student handbook are intended as guidelines for a successful year at our community high school. It is important that you carefully read the handbook to become familiar with it. Please be aware that this handbook is intended to provide general information. It is not meant to and cannot contain all information and regulations regarding school programs and procedures.

It is so important to all of us at the high school that all our students have a great school year. Part of having a great school year means showing up to school every day, ready and willing to work. Additionally, it's important to be involved in all that high school has to offer including our dual enrollment programming.

Please take note of our cell phone policy. We know that cell phones are incredibly personal devices for many of our students. **However**, we will not allow them to disrupt the educational environment. Student's cell phones must be on silent and put away during class time. Class time includes study halls and focus time as well as **any** other content classes. Violation of this policy will result in the student's phone being brought to the office for the first offense and require parent pick up of the cell phone, as well as an office detention for the student, if there is a second offense.

We want all students to know that we are completely invested in them. Part of that investment means we are willing to hold them accountable. It takes a far greater investment to hold someone accountable for their actions then it does to look the other way. At the high school, we hold students to the rules and policies because we care about them and want them to become healthy, productive citizens.

If you have any questions, please feel free to contact us. We want you to have a great school year and we know you will. On behalf of the Maranacook Community high School staff, welcome to the 2016-17 school year. We are excited to have you here!

*****The fulfillment of our core values, is assessed with our HOW rubric*****

ACCESS TO STUDENT RECORDS

(Refer to Student Education Records Policy JRA and Student Education Records Procedures JRA-R)

Any parent or legal guardian of a student enrolled at Maranacook may inspect and review educational records dealing with the student following a prescribed procedure on file in the guidance office. At the age of 18 years, a student inherits all rights previously granted to parents. Requests for directory information by military recruiters and institutions of higher education must be honored unless written request to not release information is received. Information is available to newspapers for honor roll, school & sports events, and school-sponsored publication.

ADVISOR SYSTEM

The advisor system is a comprehensive support system for students, parents, family members, and staff members. Advisee groups meet on a daily basis for homeroom and special activities during the year. The advisee system encourages students to:

1. Understand themselves and others better
2. Identify their interests, values, needs and abilities
3. Develop positive self-images
4. Participate in academic programs that meet their individual needs and goals
5. Acquire life skills
6. Encourage honesty, integrity, and responsibility

The advisor system requires the commitment from students, parents, family members, and staff. Advisee activities are an essential part of our program and attendance is required.

GRADE SPECIFIC FOCUS

- | | |
|------|---|
| 9th | Decision-making and problem-solving skills |
| 10th | Course selection and career requirements |
| 11th | Leadership skills, personal and group responsibility, community service |
| 12th | Post-secondary plans |

ATTENDANCE

(*Refer to Compulsory Education Policy JEA and Truancy Policy JHB)

Regular student attendance is essential for academic success. **Attendance is required in all classes, study halls, homeroom and scheduled advisee time.** Excused absences, in accordance with State law, are defined as the following:

- Personal illness
- Appointment with a health care professional
- Observance of a recognized religious holiday
- A family emergency
- A planned absence for a personal or educational purpose

NOTE: A planned absence form must be submitted to the Dean of Students 3 days prior to the activity.

ATTENDANCE PROCEDURES

Rationale and Overview

At Maranacook Community High School, we believe the essence of our educational programs occurs in classrooms with skilled teachers. Explanations, clarifications, discussions, opportunities for feedback, and group tasks are invaluable components of an effective learning environment. Students who miss school are generally at greater risk of reduced academic performance.

Regular attendance is critical to the learning process and academic success. Parents and guardians should be aware that four or more absences in a semester may have a significant negative effect on a student's academic progress since there is a clear connection between student achievement and attendance. Students preparing themselves for their life work need to regard punctuality and attendance as fundamental for later success. Irregular attendance is detrimental both in school and in life. Our objective is to do what we can to help students achieve success throughout their high school experience. We recognize in order to achieve this we must establish a partnership with our students and their care-givers.

The goal of our attendance program is to:

- increase student success by promoting daily attendance, and
- help students develop responsibility in preparation for attendance expectations in their future careers.

GENERAL PROCEDURES FOR PARENTS

ALWAYS LET US KNOW WHEN A STUDENT WILL NOT BE IN SCHOOL. THIS IS A SAFETY ISSUE.

Absence by a student means a missed learning opportunity which is impossible to entirely regain. All absences require an explanation from parents/family members in accordance with district and school policy. Absences fall into three main categories: excused, explained unexcused, and unexcused. All have consequences for students.

Absent or Tardy

Call the attendance line 685-4923 (Press 1 for the high school and then press 8 for the attendance line) to report that the student will be absent or late. At this time, the parent must state the reason for the absence. Failure to do so will result in an unexcused absence.

- If a parent/family member has not called the school to report an absence or tardiness, the student must bring in a NOTE with his/her name, grade, date, reason for absence or tardiness and the signature of a parent/guardian. Students are expected to bring the note on the day they return to school. Upon returning to school, students will be provided an attendance pass to be shown to teachers. *Absences will not be changed to excused if the note is not received within three days of the student's return to school.*
- **If a student is absent from Homeroom and Period 1 class without notification from a parent/family member, a phone call will be generated to the family at 9:30 a.m. by PowerSchool.**
- Students who are tardy to school or are returning from appointments are required to sign-in to the front office immediately upon their arrival. The student will receive an attendance pass to give to the teacher.

Early Dismissal

- To be dismissed early or for a portion of the day, the student must bring a note stating his/her name, grade, date, reason for and time of the early dismissal with the signature of a parent/family member to the front office before the beginning of the school day. A dismissal pass will be issued to the student to give to the teacher.
- The person picking up the student must come into the main office to sign out the student.
- **NO STUDENT WILL BE RELEASED TO AN ADULT WHO IS NOT AUTHORIZED BY A LEGAL GUARDIAN IN EITHER WRITTEN OR VERBAL FORM TO PICK UP THE STUDENT.**
- All students are required to check out through the front office if leaving the school before the final bell.

Planned Absence

- It is important for students, parents, and guardians to plan activities around the school calendar so that students do not miss out on classroom instructional activities. Planned absence forms are available in the front office and must be completed according to the guidelines.

Athletics/Activities Attendance

- Students must be present the **entire school day** in order to be eligible for practice or competition. Exceptions will be made for family bereavement or emergencies, medical/dental appointments, legal appointments, school-related activities, or other excused absences arranged in advance through a building administrator.

TYPES OF ABSENCES

- **EXCUSED:** All student absences require a written note, phone call or parent visit to school explaining the reason for being absent. Any student absence that is not excused within three (3) days of the student's return to school will not be excused (unless approved by an administrator). If a student is absent for five (5) days or more due to illness or health conditions, the school will need a note from his/her doctor or health provider or the absence may be classified as unexcused. **The teacher** must provide the student with the opportunity to make-up unless otherwise arranged with the teacher. Students should make every effort to minimize all absences including excused absences. When a student is absent from school, **the parent/legal guardian must send a written note** to the school upon the student's return from the absence or have direct contact by phone acknowledging each date of absence.
- **EXPLAINED UNEXCUSED:** Absences, even with parental permission, which do not meet the criteria for excused absences, are explained unexcused. The teacher should make note of these absences but must not withhold the student's educational program by preventing them from submitting work or making up missed tests. The teacher can, however require students with unexcused absences to schedule make-up work before or after regular school day or at lunchtime.
- **UNEXCUSED:** **An unexcused absence is cause for disciplinary action.** Teachers will respond to unexcused absence as outlined below and will keep records in Powerschool. A record of all actions taken will be maintained. Advisee time is considered a class. If a student is late or unexcused, the following responses will occur. Poor attendance has consequences.

RESPONSES TO ABSENCES AND INTERVENTIONS

- *If a student skips part of or the whole of any class, a detention will be issued.
- * If a whole day is skipped it will result with in school or out of school suspension. An Administrator will call home. The student will be responsible to complete an action plan form (located in front office) by the end of the next school day. This plan needs to be arranged with appropriate staff. If this Action plan is not completed by the student and signed by teachers, a zero will be given for the missed work.
- * More than one unexcused absence may result in a meeting with an Administrator and parents. Appropriate action will be determined at this time.
- *7 consecutive days or 10 full days of unexcused absences will result in a Truancy letter. An action plan will be set up with appropriate members.
- * All unexcused absences may reflect in a unfavorable HOW score.

LAPTOP GUIDELINES

The laptop, adapter, cover and carrying case that are issued to you are the property of Maranacook Community High School. Each student in grades 9-12 will be issued a laptop as part of our school program. Use of the laptop is a privilege, not a right. Students are expected to follow the guidelines and treat the equipment with respect. The laptop is a tool to enhance and support teaching and learning.

- Annually, each student and a family member will sign the acceptable use policy (AUP) and return it with the \$40 use fee.
- Students will be issued a protective cover for their laptop and should always have it on the laptop.
- The laptop will be issued to the student following the receipt of the AUP form and the fee.
- Each student is responsible for keeping the laptop charged and ready for use in class.
- The laptop should be kept secure at all times, either in your possession or in a locked location. Do not leave the laptop in a locker without a lock or in an open classroom.
- Once the laptop is issued to the student and his/her family, the student is responsible for it at all times. School rules for showing respect for all property apply.
- Each laptop will be assigned and registered to an individual student. Do not swap or lend your laptop to another person.
- Passwords should be kept confidential.
- Protect the laptop from weather and extreme temperatures.
- Always use the carrying case.
- Students will have access to school email as well as an account to store school assignments. Be sure to save your work!
- Failure to follow the AUP or any inappropriate use of email, network, or internet services will result in disciplinary action.

The laptops issued by the school will be the only equipment allowed for individual student use. The computer labs will continue to be available for some classes. Personal equipment will not be given access to email, the network or the internet at school.

CODE OF ACADEMIC INTEGRITY

Class expectations will be communicated in writing at the start of each year informing students of class goals, procedures, and practices, expectations for homework and class work, examinations and evaluation.

Expectations of the Students:

The excellence and high scholastic achievement we expect students to pursue rests on the foundation of academic honesty. Students are expected to conduct themselves according to the highest standards of personal honor and accountability. Students are expected to assume full responsibility for their work and resist any behavior that would be in conflict with this code. All students have a responsibility to do their own work on all assignments in order to receive the maximum benefit from the instructional program. Unless the teacher gives specific instructions to the contrary, all class and homework assignments and all tests are to be completed by students individually. Academic dishonesty is any action that seeks to obtain credit for work that is not one's own. This includes, but is not limited to, the following:

- communicating with another student during an examination or quiz;
- copying material during an examination or quiz;
- allowing another student to copy from one's examination or quiz;
- using unauthorized notes or devices during an examination or quiz;
- obtaining a copy of and/or information about an examination or quiz without the knowledge and consent of the teacher;
- submitting a paper or project which is not the student's work;
- copying another person's assignments;
- allowing another student to copy one's assignment;
- stealing or accepting stolen copies of tests or answer keys;
- sharing information with students who have not yet taken an announced or unannounced test or quiz;
- changing answers and seeking credit on an assignment or examination after the work has been graded and returned;
- falsifying information on a standardized test or on applications (e.g. college scholarships);
- unlawfully copying computer software or data created by others.

Plagiarism: copying word-for-word without documentation, rearranging or rewording without documentation, and paraphrasing without documentation. Plagiarism also occurs when a student:

- fails to cite with quotation marks the written words or symbols of another author;
- fails to footnote the author and sources of materials (including materials obtained through electronic media) used in a composition;
- fails to cite research materials in a bibliography or works cited page;
- fails to name a person quoted in an oral report;
- fails to cite an author whose works are paraphrased or summarized;
- presents another person's creative work or ideas as one's own in essays, poems, music, art, computer programs or other projects;
- copies or paraphrases ideas from literary criticism or study aids without documentation;
- any other action intended to obtain credit for work which is not one's own.

It should be noted that the eyewitness account of a teacher or proctor or substitute teacher or evidence based on written work or confiscated "cheat sheets" will be accepted as determining the occurrence of academic dishonesty. In no case where academic dishonesty has taken place will academic credit for any part of the assignment in question be given to any student involved. In all cases where academic dishonesty has occurred:

- the teacher shall confiscate all offending material and shall assign the student(s) involved no credit ("0") for the academic work.
- the teacher shall give a written Incident Report to the appropriate administrator.
- the administrator shall give written notification to the parent/guardian with a copy to the advisor.
- in addition to the above, further consequences may occur in accordance with the gravity of the individual situation or a documented pattern of academic dishonesty. These consequences may include:
 - expulsion from held office of clubs or honorary societies for a period of one year;
 - exclusion from Honor Roll for a period of one year;
 - work removed from exhibits (art or writing);
 - exclusion from ANY event in which the participant is representing Maranacook Community School (e.g., sports events, music competitions, drama);
 - expulsion from the National Honor Society;
 - dismissal from class and a failure grade (N) in that class for the semester;
 - In school suspension, out-of-school suspension or expulsion from school.

HOMWORK GUIDELINES

(Refer to Homework Guidelines Policy IKB)

Homework is an extension of the instructional program intended to help students practice concepts and skills taught in class. Homework assigned by teachers and supported by home provides opportunities for students to develop responsible work habits. Teachers will inform parents what role homework plays in course requirements.

Expectations for Student Assignments

In order to promote student academic success, all student work is expected to be turned in on the assigned due dates.

NO ABSENCES

Type of Assignment

1. Regular or nightly homework assignments
2. Lengthier, more in depth assignments
3. Unit Completion

Due Date and Penalty if Late

1. Due at the beginning of class on the day they are due. Work not completed on time can be brought up to 50% if turned in within 3 days.
2. If the student does not turn the assignment in on time, then they must make an appointment with the teacher to develop a plan for the completion.
3. No work will be accepted on a particular set of UNIT lessons when the unit is completed.
Teachers will inform students when a unit will end.

EXCUSED ABSENCES

Type of Absence

1. Present for part of the day (Sports and co-curricular activity dismissals, field trips, doctor or dentist appointments)
2. Absent up to 2 full consecutive days in the same class (Illness, planned absence)
3. Absent longer than 2 full consecutive days in the same class.

Make Up

1. Homework is to be passed in the day the work is due, EVEN IF THE STUDENT MISSES THE CLASS. Teachers will have a drop off place or otherwise inform students where work can be placed. It is the responsibility of the student to get the assignment given in class in order to complete it for the next class.
2. Work done in class or assigned on the day of the absence will be done within two full school days per absence. For example, if a student misses Monday, the work will be due on Wednesday of that week.
3. Student and teachers will meet to work out an agreement and sign a contract for the negotiated work schedule for completion of the missed work.

EXCEPTIONS

If a student is working through a severe personal issue, chronic illness or other issues that prevent him or her from functioning efficiently, the advisor, guidance counselor, teachers, and parents will have a staffing as a proactive tactic and arrange a work schedule, BEFORE work begins to pile up. If the problem is to remain strictly confidential, teachers should still be apprised of the situation in an appropriate manner, so they can work positively with the student.

STUDY HALL

Study Hall Rationale, Behaviors and Expectations:

Rationale: Due to the legal requirement of supervision of students, we can no longer have students sign out to the student center and not have any constant supervision. We recognize that we want students to have privileges to promote positive behavior and high achievement. We want to still have choices for where students with privileges can go for study. We will also have study hall supervisors do HOW scores this year to help students be accountable for their behavior in study hall.

How will study halls work?

- One teacher will hold their study hall in their classroom. One teacher will hold it in the student center for periods B1, B2, B4, G5, G6 and G8, or in the PAC for periods B3 or G7.
- At the start of each period, students will go to their assigned study hall, for attendance to be taken.
- Study hall supervisors will call periodically to make sure students go where they have signed out to go.
- All students who are in silent study will be required to be in the classroom study hall, for a silent study.
- Students with high, consistent HOW scores (of a 3 or 4) but have a grade lower than a 73 need to appeal to the assistant principal for exceptions. This will be done rarely and on a case-by-case basis.
- Study hall supervisors will do HOW's for their students bi-weekly, corresponding with eligibility.

- All students with privileges can either be in the Student Center (PAC for B3 or G7), media center or in new student lounge, across from the front office. This is the old athletic office, and has been redesigned as open lounge.

8

- The study nook is only for upperclassmen and will be supervised by front office staff, as they can see the students from the front office.
- **Semester 1: Black Day Study Hall Assignments**
- Location Black 1 Black 2 Black 3 Black 4 Student Center (B3,location is PAC)/ “Privs”
- Assigned teacher’s Room(Silent Study Location)
- **Semester 1: Gold Day Study Hall Assignments**
- Location Gold 5 Gold 6 Gold 7 Gold 8 Student Center (G7,location is PAC)/ “Privs”
- Teacher’s Room/ Silent Study

Student Expectations and Behaviors

1. Silent Study will start on the first eligibility check
 - a. One teacher will hold their study hall in their classroom.
 - b. One teacher will hold it in the student center for periods B1, B2, B4, G5, G6 and G8, or in the PAC for periods B3 or G7.
2. At the start of each period, students will go to their assigned study hall, for attendance to be taken.
 - a. All students who are in silent study will be required to be in the classroom study hall, for a silent study.
 - b. Students must verbally ask the supervising study hall teacher to sign out and then physically sign out. They may not leave a note or ask another student to tell the teacher.
 - c. All students with privileges can either be in the:
 - Student Center (PAC for B3 or G7),
 - Media center, or New Senior Lounge, *The new senior lounge is across from the front office. This is the old athletic office, and has been redesigned as open lounge. The senior lounge is only for seniors and will be supervised by front office staff, as they can see the students from the front office.*
3. **When you sign out at the start of the period, students will not need a pass to get to their room location.**
 - a. Students need to stay in their originally signed out location for the entire period, unless they have an appointment with a teacher, guidance or the health center, or need to go to their locker or bathroom. They will need a pass for this.
4. Students who sign out to the student center for the first two periods of the day may purchase snacks and drinks from the kitchen (to be consumed in the student center).
5. The cell phone policy applies to silent study and the media center. **Students are expected to put their cell phone in their bag or into the cell phone container in the silent study room and when they sign in to the media center.**
6. Students that have junior/senior privileges must sign out both with their study hall supervisor and in the “privs book” in the front office before they leave. **Students should always check the list posted in the front office by the sign out book before signing out on privs. Students do not have privs if their name is not on that list!** *Junior/senior privs will start as soon as the application forms are processed by the front office for students who have the grades and who have turned in all their paperwork and permission forms.*
7. STUDENTS THAT ARE CAUGHT BEING DISHONEST COULD LOSE PRIVS FOR THE YEAR.

FOOD SERVICES

(Refer to Food Payment Policy EFDA and Eligibility for Free and Reduced Price School Lunch Policy EFC)

MCHS Food Service provides breakfast and lunch for students. Students may choose to pay cash or establish a lunch debit account. Checks should be made payable to MCS Food Service. Students must have sufficient funds in their lunch account to cover purchases and will not be allowed to carry a negative balance. If the student has insufficient funds to purchase breakfast or lunch, s/he should discuss this with the Food Service Manager. Applications for free and reduced meals are sent home annually. An application can be submitted at any time during the school year. Breakfast in the cafeteria is available from 7:20 to 7:50 a.m. There are two lunch periods; one at 10:54 and one at 11:25.

LOCKERS

REGIONAL SCHOOL UNIT NO. 38

BUSING

The School Bus is an extension of the classroom, and riding the school bus is a privilege. While on the bus, students are expected to conduct themselves in a manner consistent with established guidelines for student behavior. The bus driver is responsible for the safety and well being for all who ride the bus and, in this regard, students are expected to comply with his/her requests at all times. The following guidelines have been established for the safety of all who ride the bus. Violation of these guidelines may result in the loss of privilege to ride the bus.

All students are assigned to a bus and should ride that bus to and from school unless the Transportation Department has been advised of other circumstances.

BEFORE RIDING THE BUS

1. All students should be at his/her bus stop at least five minutes before the scheduled arrival of the bus.
2. Students should stay out of the road at all times while waiting for the bus.
3. Students should wait for the bus to stop completely and let the door open before moving to load the bus.
4. If it is necessary to cross the road to board the bus, wait until the bus driver signals it is safe to cross. Students must stay 12 feet in front of the bus at all times when crossing in the road.

RIDING THE BUS

1. When students exit school, they should go directly to their assigned bus, load immediately, and remain on the bus unless given permission to exit by the driver.
2. Students must obey the driver at all times. This is necessary to insure the safety of all students. Students are not to engage the bus driver in a discussion or argument with respect to the driver's expectations or directions. Drivers are expected to be on time and to maintain safety at all times. Therefore, students who challenge the bus driver's decisions or argue with the bus driver will be dealt with in a serious manner.
3. Students shall go directly to their seats without crowding or pushing and remain seated. Students are expected to remain seated and should not change seats unless given permission by the bus driver.
4. Students shall not throw anything out the windows; extend arms, legs, head or feet out of the bus at any time. Students should face forward while the bus is in motion to avoid injury should the bus make a quick and/or unexpected stop.
5. Students shall not damage any part of the bus. Payment for damage is the responsibility of the student/parent.
6. Students shall not create any safety hazard by tampering with fire extinguishers, emergency exits, or loosening seats.
7. Students shall not create a disturbance on the bus which may distract the driver. Those actions include, but are not limited to: shouting, gesturing, standing, spitting, throwing objects in or from the bus, etc.

8. The aisles must be clear at all times. Store backpacks, school bags, musical instruments, and other large objects under the seat, on the lap or as otherwise directed by the driver. All athletic equipment must be secured in a container or travel bag.
9. Littering on the bus is prohibited. It is the responsibility of all students to dispose of litter properly.
10. Due to safety issues glass containers, animals dead or alive, and the consumption of food will not be allow on the bus.
11. Alcohol, tobacco, drugs, or other substances which are in violation of Maine State Law are prohibited on the bus.
12. Tools and sleds are prohibited on the bus.
13. No weapons, ammunition, fireworks of any kind, flares, explosives, knives, or other materials which may cause injury are allowed on the bus.
14. Physical abuse, verbal and emotional harassment of any kind will not be tolerated.
15. Due to allergic reactions, students must refrain from spraying perfumes, deodorant, hair spray, etc. on the bus.
16. Cell phones or cameras will not be used for any purpose on the school bus unless the student has received permission from the bus driver.
17. Laptop use is prohibited on the bus.
18. Students may use an ipod responsibly while riding the bus; however, earbuds/headsets or devices may not be shared across the aisle. Students getting on or off the bus must remove one earbud or headset in order to listen for directions. These devices are personal property. The school is not responsible for loss, theft, or damage. Should safety issues arise with the use of any device, the driver has the authority to ask the student to discontinue use.
19. Each student is assigned a seat on the bus and must sit in that seat until driver has assigned a different seat. Students are responsible for that particular seat.

LEAVING THE BUS

1. Students must remain seated until the bus comes to a complete stop and the door is opened.
2. When it is necessary to cross the road after leaving the bus, cross at least 12 feet in front of the bus, but only after the driver has given the signal to do so.
3. Students who are not crossing the road shall move a safe distance away from the bus and remain there until it has left the area.
4. Due to school liability, students shall not be permitted to leave the bus at places other than their regular bus stop unless proper written authorization has been given in advance by the parent and/or school official.

INAPPROPRIATE BUS BEHAVIOR

The following procedure for dealing with bus conduct is followed throughout Regional School Unit #38 (RSU #38). The procedure emphasizes the need to have appropriate behavior on the bus that insures the safety for all children.

STEP ONE: – Written Warning Report: These warnings are issued by the bus driver to the student when verbal warnings have not been successful. The purpose is to communicate to the student that his/her behavior is a concern. Specific disciplinary action may not be taken at this time, depending on the incident. The white copy of the warning will be sent home with the student, to be signed by the parent and returned to the bus driver the next school day. If copy is not returned to the bus driver the next school day, the parent will receive a call from the Transportation Supervisor. A copy of the warning will be given to each administrator and put on file.

STEP TWO: First Bus Conduct Report: This reports inappropriate action by a student to the administrator. The administrator will meet with the student, along with the transportation supervisor, to discuss the problem. The parent will be notified by phone and a copy of the report will be sent home. Consequences will vary depending on the incident.

STEP THREE: Second Bus Conduct Report: With the second bus conduct report, the student is automatically suspended from the bus for a period not to exceed two weeks. The parent will be notified by phone and a copy of the report will be sent home.

Additionally, a meeting must be held with the administrator, parent(s), student, transportation supervisor, and the bus driver (if needed) before the student can return to the bus. This suspension includes all buses of RSU #38, and covers all sports and field trips.

STEP FOUR: Third Bus Conduct Report: This is the final step. A student receiving a third bus conduct report will be suspended from all RSU #38 buses for the remainder of the school year. Administrators will notify parents in writing and by phone when this occurs. This suspension includes all buses of RSU #38, which covers all sports and field trips.

Severe violation of the guidelines for school bus safety could result in the suspension of bus riding privileges at any time.

Questions concerning this procedure can be addressed to the building administrator.

VISITORS TO THE SCHOOLS

The Regional School Unit No. 38 Board of Directors believes that visits to the schools by parent(s)/legal guardian(s), members of the community and public, and individual School Board members can provide positive experiences. However, in order to avoid interruption of ongoing educational activities and in an effort to promote student and employee safety, the principal of each school shall institute procedures relating to visitors to the school that are intended to maintain order and protect the safety of students. Such procedures shall be subject to the review of the Superintendent. It is understood that procedures may vary from school to school due to the nature of the building, the location of the school, the age of the students and other considerations.

The following general guidelines shall be incorporated in all building-level administrative procedures concerning visitors.

- A. The term “visitor” shall apply to any person on school grounds or in school buildings who is not an employee or student of the school unit.

B. All visitors shall immediately report to the main office upon arrival at the school to sign in and to receive a temporary badge. (This section shall not apply to parents or citizens who have been invited to the school for a general open house or performance.)

11

C. All visitors who wish to visit classrooms, observe aspects of the instructional program, or meet with staff members are expected to schedule such visits in advance. Teachers and other staff may not use instructional time to discuss individual matters with visitors.

D. Individual Board members shall follow the same procedures as other visitors.

E. Due to health and safety concerns, with the exception of service animals assisting persons with disabilities, no animals are permitted at outdoor school-sponsored activities or events held on school grounds.

F. Visitors shall comply with all applicable School Board policies and school rules. Visitors who violate these policies/rules and/or disrupt the safe and orderly operation of the school shall be asked to leave the premises.

G. The building administrator/designee has the authority to refuse entry to school grounds or buildings to persons who do not have legitimate, school-related business and/or who may disrupt the operations of the schools. This may include, but is not limited to, the news media, profit-making business, fundraisers and other organizations seeking access to students and/or staff. Persons entering the school building without authorization from school officials and persons who fail to report to the main office upon arriving on campus or entering the building are considered "unauthorized persons."

H. School staff shall report unauthorized persons on school grounds or in school buildings to the building administrator/designee. Unauthorized persons shall be directed to leave the premises immediately.

I. Those persons having no school-related purpose who remain on school premises or at school-sponsored events after being directed to leave shall be considered "trespassers." This shall also apply to all students under suspension or expulsion, or students from other schools unless otherwise authorized in advance by the building administrator/designee. Trespassers shall be immediately directed to leave the school premises, and may be subject to arrest.

J. The building administrator/designee may request the assistance of law enforcement as necessary to deal with unauthorized persons or violations of the law by visitors to the schools.

K. If there exists a court order containing restrictions on access to a child by a parent or other person, and a parent or legal guardian wishes the school to act in a manner consistent with that order, it is the responsibility of the custodial parent or legal guardian to provide a certified copy of such order to the school authorities.

L. A student will be released only to parents, legal guardians or persons authorized in writing by parent(s)/legal guardian(s) to pick up the student. When school personnel have reason to question the authenticity of written authorization, they shall make appropriate efforts to telephone the student's parent(s)/legal guardian(s) to confirm the authority of the person seeking to pick up the child. Administrators may institute other appropriate procedures regarding release of students to parents, guardians and authorized persons. **The school reserves the right to question the authenticity of any written or verbal communication and to deny the release of students to unauthorized or unknown persons.**

Please refer to the district's website (www.maranacook.org) for Special Education Rights and Process policies and information. If you suspect that your student has a disability and may be in need of special education services, you can make a parent referral to the school or the special education office. If you wish to make a referral, inform either this office or your principal, also stating what disability you suspect. If you are not sure which disability, let us know what problems your student is experiencing in school. To qualify for special education services, students must have a disability that is listed in the State of Maine regulations, the disability must be causing an adverse effect on their educational performance, and the student is in need of special education in order to access the general curriculum.

SECTION 504

Section 504 is one part of the Rehabilitation Act of 1973. For many years, its main thrust has been in the area of employment for individuals with disabilities and for members of minorities. Within the last several years, however, the Office of Civil Rights (OCR), charged with enforcement of Section 504 has become pro-active in the field of education of individuals with disabilities. Advocacy organizations and the legal system likewise have increasingly focused on Section 504's requirements to insure the education system provides the full range of special accommodations and services necessary for students with special needs to participate in and benefit from public education programs and activities. Under Section 504, "handicapped person" means any person who has a physical or mental impairment, which substantially limits one or more such person's major life activities; has a record of such impairment; or is regarded as having such impairment.

If there is a reason to believe that, because of a handicap, as defined under Section 504, a student needs either special accommodation or

related service in the regular setting in order to participate in the school program, the district must evaluate the student. If the student is determined to be a student with a disability under Section 504, the district must develop and implement a plan for the delivery of all needed services.

STUDENT TRANSFERRING TO ADULT EDUCATION

Current seniors receiving a diploma through the adult education program may attend Project Graduation provided they are recommended to do so by the Dean of Students and Senior Class advisors. Students interested in this program should contact their school guidance counselor.

TUTORIAL

Students are welcome to participate in after school tutoring on Tuesday and Thursday from 2:45-4:45 p.m. in the Room 169. Students can also meet with individual teachers.

If a student uses their phone during class time, refuses to put their phone into the designated container, or if their phone rings/vibrates during class, the office will be notified and the phone brought to the front office to be picked up at the end of the school day. If the student's phone is brought to the office on a second offense, a parent will need to pick the phone up and meet with administrator. If a student does not want to put their phone into the bin in a classroom, they should not bring their phone to class.
