**STUDENT**

I accept responsibility to abide by the RSU #38 Electronic Resources - Acceptable Use Policy and Administrative Procedures. I further understand that any violations of the above provisions may result in the revocation of my user account, disciplinary action at the building level, and/or appropriate legal action. I understand that the use of the Internet, laptop, and other electronic resources (hereinafter referred to as electronic resources) is a privilege not a right.

**PARENT / GUARDIAN**

Due to the nature of the electronic resources, it is neither practical nor possible for RSU #38 to enforce compliance with user rules at all times. Accordingly, parents and students must recognize that students will be required to make independent decisions and use good judgment in their use of these services. Therefore, parents must participate in the decision whether to allow their children access to these resources and must communicate their own expectations to their children regarding its use.
