

Maranacook Community High School

Teen Issues 2017

December 6th Sessions

Maranacook Community High School is a caring school community dedicated to excellence. As such, we aspire to have a school culture in which all our students and staff feel safe and diversity is accepted. This means we need to treat every member of our school community with kindness and dignity regardless of personal beliefs and values that may include national origin, race, disability, gender, sexual orientation, faith, political opinions or other factors. We all deserve to be respected for the person we are. Every student and staff member has a right to their own opinion, but we must be tolerant and respectful of each other regardless of our own opinions.

This is the first of our two Teen Issues days for the 2017-18 school year. This year's Teen Issues theme is "Respect." The Teen Issues committee believes it is important for each person in our community to feel, give and act respectful. We need to do this for ourselves, our families and our community.

*Each session below ties in some form of respect. Please take a few minutes to read through the available session then sign up for the sessions you want no later than **Friday, December 1st**. All sessions are first come-first served, so the sooner you sign up, the more likely you are to get the session you want.*

PAC

In this movie, a young boy decides his school assignment will be to commit good deeds to three people, under the proviso that the recipients pass them on in the same fashion. Although Trevor is only 11, he teaches respect to the adults in his life. His mother learns to respect Trevor's teacher's past, taking him for who he is and, in turn, Trevor's teacher administers the same respect to her. Both adults also show respect to Trevor, treating him as a human being who's capable of being a good person.
