"A caring school community dedicated to excellence"

December 17, 2018

Dear MES Families,

This morning the local roads were snow covered and slippery in several areas. Several of our buses were delayed in arriving at school due to weather conditions on the roads. Bus 1 and 21 both needed to pull over and wait for a sand truck to add sand to the roads before the drivers felt it safe to transport children. All children were safe while on the buses and arrived safely at school. These delays and an attempt to rearrange bus routes caused confusion in picking up children in one neighborhood. We are appreciative of all those involved in safe transportation, our bus drivers and the town road crews as they work diligently on these challenging weather days.

Sincerely,

Abbie Hartford

Principal
